

## Trolley Applicators

### Information

Often used in airports, the applicator's primary advantage over hoses is that it can reach tall areas and difficult angles while maintaining a safe distance from the fire.

These applicators are made directly from the factory and can be highly customized according to the customer's needs.

- Stainless Steel Contruction
- Insulated PVC Handle (Prevents frostbite from cold gases)
- Squeeze lever control valve
- 6m , High Pressure Hose
- W21.8 x 14 TPI Connection (DIN 477/BS 341)

Carbon Dioxide Trolley Applicator With Lance  
Part No: FEA-K-HO-CO-01

Carbon Dioxide Trolley Applicator With Extendable Applicator Lance  
Part No: FEA-K-HO-CO-01

MODEL	Capacity	Applicator	Hose
Carbon Dioxide Trolley Applicator With Lance	10KG CO2	1.8M	6M
Carbon Dioxide Trolley Applicator With Lance	20KG CO2	1.8M	6M
Carbon Dioxide Trolley Applicator With Lance	30KG CO2	1.8M	6M
Carbon Dioxide Trolley Applicator With Lance	50KG CO2	1.8M	6M
Carbon Dioxide Trolley With Extendable Applicator / Lance	10KG CO2	2.1M - 3.6M	6M
Carbon Dioxide Trolley With Extendable Applicator / Lance	20KG CO2	2.1M - 3.6M	6M
Carbon Dioxide Trolley With Extendable Applicator / Lance	30KG CO2	2.1M - 3.6M	6M
Carbon Dioxide Trolley With Extendable Applicator / Lance	50KG CO2	2.1M - 3.6M	6M
