

# HERCULES

## Outdoor Trolley For Portable Fire Extinguisher

The Hercules outdoor trolley with IP rated cabinet is made for users that have no easy or fixed location to install portable fire extinguishers.

This includes areas with only i beams that are not safe to drill new holes or aircraft areas where new structures cannot be easily constructed.

Also very useful when portable fire extinguishers are needed only temporary not permanently. This includes exhibition halls or outdoor tentage areas that will be removed shortly after the events are over.

- IP Rated water proof cabinet
- Comes with see through panel for visual inspection
- Highly visible Fire Extinguisher Signage Flag
- Flag and Cabinet Symbols made to Singapore Standards 508
- Single handle grip and rubber wheels for easy transportation
